# The Littlest Heroes

**OUR MISSION:** To promote spiritual, emotional, social, and physical healing of children living with cancer and their families by developing and providing a total system of support that complements traditional health care.

The Littlest Heroes is a 501(c)(3) nonprofit organization serving children with cancer and their families in Northeast Ohio communities. Services are provided to families and health care facilities free of charge. Our operational services unite with over 15 planned services to bring families of a child with cancer an unprecedented, continual line of support from the moment of diagnoses throughout follow-up.

We focus on addressing the spiritual, emotional and physical aspects of cancer through education and services that work to empower children and individual family members.

# ywca of Cleveland

**our mission** *The mission of the YWCA Greater Cleveland is to eliminate racism and empower women.*  
**our vision** *The YWCA Greater Cleveland envisions a community where equity for all is a reality, not a challenge.*

Women come to the YWCA Greater Cleveland for career counseling, GED training and high-quality early childhood education. They come as young women transitioning out of foster care who need the support to create independent, vibrant lives. They come to learn the skills they need to climb their career ladders, to engage in dialogue around diversity and racial equity and to challenge one another to become more effective leaders. And they leave with a renewed spirit, new skills and stronger lives.

wincleveland is based on the idea that together we are stronger than any one of us alone! We build business by building relationships.- www.wincleveland.org.  
melkozmon@roadrunner.com 440-389-2767

Our mission: **wincleveland** is an organization that **empowers** female professionals by creating new access points for individual business development. We **support** one another by providing continual professional **growth**, sharing a wide variety of ideas and resources and assisting select women-based charities within our community.

Women In Networking was created in 1997 by Barbara Baxter to provide a safe environment for women to come together and share ideas in order to grow their businesses. We have provided speakers to add value to our meetings and for the overall growth of our members in many areas.

WIN members benefit by being present and working with fellow members to provide and attain referrals to help each grow their respective businesses.

We have grown, thanks to so many of the women who have taken the time to give countless hours to make our group successful. We have helped many women find jobs; we have raised scholarship funds and we continue our focus on supporting women in need through our philanthropic activities in Northeast Ohio.
